

Lots

Each new phase of RiverStone offers a new perspective on this master-planned community. Whether you seek a lot nearby the school, would like to back on to a lake or a park or you dream of an executive view overlooking the river valley, you will find it and so much more in RiverStone.

These lots can be purchased on a first come, first served basis from the Real Estate and Land Development Department, 2nd Floor, City Hall. City Hall is open 8:00 am to 4:30 pm.

Zoning approved for RiverStone Phases 17, 21 and 22 - February 2, 2015

City Council approved an application to rezone land in the southwest area of RiverStone to allow for the development of the final three phases of the neighbourhood. The land was rezoned to include four land-use classifications:

1. Comprehensively Planned Low Density Residential (R-CL) which allows single detached dwellings
2. Comprehensively Planned Medium Density Residential (R-CM) which allows primarily single detached, two-unit, and small-scale multi-unit dwellings (max. 4 units)
3. Mixed Density Residential (R-M) which encourages a mix of residential dwelling types such as single detached, two-unit, townhouse and secondary suites
4. Park and Recreation (P-R)
